

 A top-down view of a black, handheld tool. It features a long, cylindrical handle with a textured grip section. The handle is attached to a wider, rectangular base. A silver-colored metal component is visible at the bottom of the base.	<p>EBK250L DC30 EBK250 DC30</p> <p>Ansicht von oben</p>
 A bottom-up view of the same tool. The base is clearly visible, showing a series of black, angled protrusions along its length. A white label with technical specifications and a CE mark is located on the left side of the base. The handle is positioned vertically above the base.	<p>EBK250L DC30 EBK250 DC30</p> <p>Ansicht von unten</p>
